Dear Ciaran ,

50% Discount on Hardcopies of Construction H&S and Environmental Manuals

As a Build UK partner Construction Industry Publications (CIP) is offering all Build UK members, including your Specialist Contractor members 50% discount off hardcopies of its Construction Health & Safety and Environmental Manuals. Helping the industry work safely for over forty years, the Construction H&S and Environmental Manuals, also known as the 'Blue Book' and 'Green Book', are a one-stop shop for information and practical guidance on all health and safety, and environmental issues that affect the construction process.

Build UK is working with CIP to ensure the Construction H&S Manual includes industry-recognised health and safety policies and standards, such as the updated Build UK and IPAF guidance on MEWPs, and the SAEMA guidance on Permanently Installed Suspended Access Equipment. This integrated approach aims to improve the knowledge and practices of those on site without duplicating information or publishing conflicting advice.

Jason Rowley, Chairman of the Drafting Panel and Health & Safety Director of Build UK member Carillion, said:

"For good practical up to date advice on health and safety matters, the Construction H&S Manual is a must for everyone involved in construction. Working with Build UK will ensure it is even more relevant on a day to day basis as the 'go to' source of information for all things health and safety. It will also keep the manual up to date with industry practices, and provide the more collaborative approach we all want."

To claim the 50% discount, your members need to use promotional code STOCK50 when ordering via the CIP website www.cip-books.com.

For further information about this fantastic offer and how your members can receive it please contact Sarah Kenny by emailing skenny@cip-books.com or phoning 07789 713776.

Kind regards

Sarah Kenny
